CLOSING ...

This year started a new tradition on the Muhlenberg campus - the First Annual Homecoming Day Fair. On Friday afternoon, the "front lawn" of the campus was transformed into a fair ground. Members of all the classes and each fraternity/sorority joined in the festivities by opening up a variety of booths, some of which included, Alpha Chi Omega's "Peg a chi in the face with a pie" booth, the senior class' "hot pretzels and fan hand" stand, and MAPA's "tie-dye a t-shirt" booth. There was also an artist present who did comical representations of whomever was willing to be a "victim" of his pen and pad. All-in-all, the fair got the ball rolling for a high-spirited, fun-packed weekend.

SENIOR FACULTY HAPPY HOUR

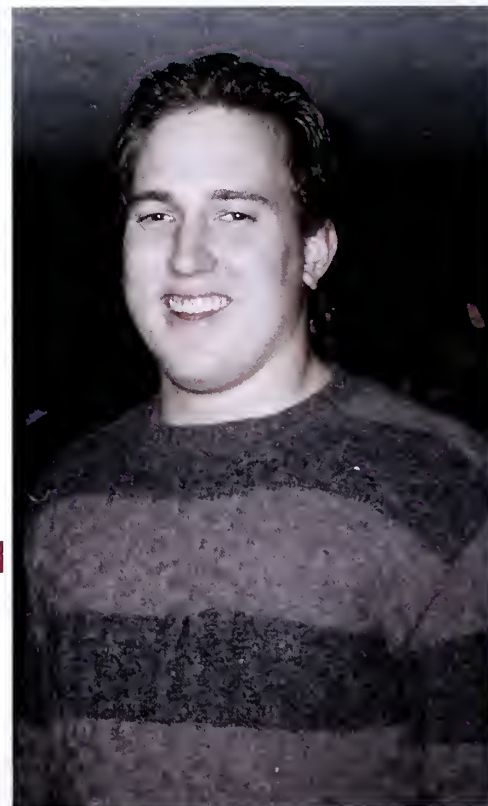

"How about a toast to the Class of 1988" ... was a familiar request made on a cold afternoon in December as the faculty and students joined together to celebrate the Holidays. The scene was a faculty/student Happy Hour at the Phi Kappa Tau fraternity house. This year's Senior Class Executive Council decided to try a change of pace when, instead of a Senior Class Happy Hour, they chose to invite the faculty. It was a time for students and faculty alike to "kick off their shoes" and "sit back and relax". There was no longer "them" and "us" but rather, the two groups seemed to come together as one as they looked back and laughed about fond memories.

THE NEW CAMPUS PUB

The year 1987-1988, the place Seegers Union - the site of many changes. Among these was the establishment of THE RED DOOR CAFE. The "RED DOOR" opened its "doors" on Sunday, February 14. The scene was a "romantic mood" set by heart-shaped balloons and couples and friends gathering to listen to a live performer. The night was filled with free food and music accompanied by a good time had by all.

Since we arrived at Muhlenberg in 1984, the Class of 1988 has seen many renovations take place in Seegers Union. Although the Spring and the Fall of 1987 were times of construction and confusion, the results of this chaos are extraordinary. The "old Union" characterized as "the home of the bowling alley and gameroom", has been transformed into a student center. Some of the new features include: THE RED DOOR CAFE; the new and expanded bookstore, which now sells everything from soda to compact discs; the Student Activity Center - which houses the various offices of the clubs on campus and provides rooms in which these clubs can hold their meetings; the luxurious Commuter Lounge; and who could forget, the "challenging" mailboxes.

"SENIORITIS"

Spring, with flowers blooming and birds chirping, awakens college students from their hibernation. East Beach evolves into a recreational wonderland, complete with footballs, frisbees, and, yes, bathing suits. For the senior, who for three and a half years labored through books, lectures, obnoxious professors, difficult tests, and the anxiety of deadlines, this is a time of reflection, a time of relaxation, and a time of total avoidance of responsibility. Blowing off classes, increased partying, severe procrastination, and absolute apathy toward everything serious are the symptoms. The disease is senioritis.

It strikes the innocent students most heavily; those few who would never think of shunning responsibility. Suddenly, they refuse to study, they look back on the good times and the bad, and somehow they do not want to move on with their lives. Their fears of the future cause them to cling to their friends and hope to find security. They try to cram a lifetime of partying into one month. As for the experienced procrastinators, this is a time to advance their enjoyment and make their last push before the realities of the working world turn them into computerized geeks. Senioritis has no cure; its prognosis is that it can be disastrous. But, for the seniors who have realigned their lifestyles, the motto is "D is for diploma" and they just go and have a good time.

SENIOR PLEDGE DRIVE

The Senior Pledge Drive is a program designed for each class to distinguish itself by giving a gift to Muhlenberg at its tenth year reunion. In its fifteenth year at Muhlenberg, the Class of 1988 decided to change the tradition by reducing the length of the drive from ten years to five years. The intent is to keep the class together by shortening the amount of time between reunions.

This year's theme was, "Don't Stop 'til We Get Enough." Our goal was \$30,000 which we met during the final week of the semester.

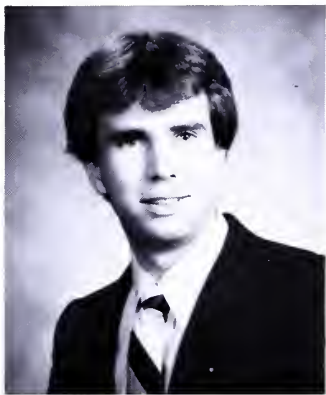

Seniors pledge to give donations each year for the next 5 years in the amount of their choice. The average pledge is \$35.00. The money will be invested by the college and at the end of five years the entire sum will purchase a gift for Muhlenberg in the name of the Class of 1988. The gift will be decided by vote at our five year reunion.

The Senior Pledge Drive Committee included Trish Donnelly, Brooke Feldman, Jeff Gross, Michele Heck, Lisa Horning and Susan Wright with Chairperson Jodi Meltzer and advisor Doug MacEwan.

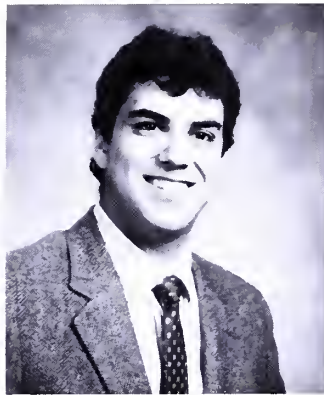

The Class of 1988 has survived many changes in our four years at Muhlenberg. Though things can not always stay the same, hopefully, we can always remain friends. The Senior Pledge Drive is a commitment to help keep us unified.

SENIOR

A familiar question being asked around campus on Thursday afternoons is "Our you going to pub night?" Every Thursday, and occasionally on Wednesday, night the Muhlenberg Senior Class gathers at one of the bars in the area. The various clubs that "house us" for pub nights include Duke's in the Lehigh Valley Mall - which usually sponsors pub night for all the schools in the area, Tiffany's in Emmaus, Winston's on Tilghman Street, Chi-Chi's and replacing the "Ale House", which closed this year, the St. Gregory, also on Tilghman Street. Pub nights serve as a great alternative to the usual fraternity party.

WHICH WAY DO I GO?

This was the question of the year for the senior class. "Now that we have our degrees, what do we do?" There were several possibilities, depending on the route you were going. Those with definite goals for the future began working on them. Then there were those who didn't have definite plans. They had to decide between "going out into the real world", or continuing their education.

For those seniors entering the work world, a lot of time and care was put into preparing resumes and seeking contacts. For some, their work began at Career Planning and Placement. Here, the seniors could participate in workshops, such as resume writing, basic interviewing skills, and informational interviewing. After the resume was perfected, it was time to begin seeking out a job. Some students had interviews through the On-Campus Recruiting Programs, while others had mock interview. Mock interviews were held on campus with major companies and were an opportunity for the seniors to test their abilities to conduct themselves appropriately in an interview.

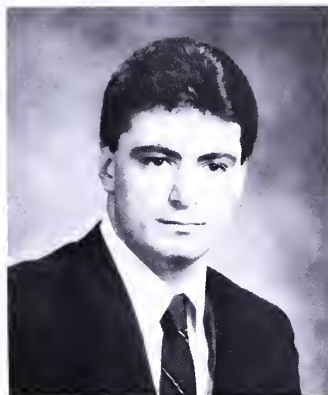

While some seniors will be entering the work world, there are others who plan to continue their education. For these seniors, a lot of time was put into applications, essays, and entrance exams. Then there was the long wait for an interview, and hopefully for that acceptance letter. These seniors, who pursued such areas as law, medicine, and graduate programs spent many hours sweating it out, waiting for that letter to come. Once the student had been accepted, it was time to relax and to celebrate.

There are still other ways to go. Some seniors have wedding plans after graduation. Yet there are still others who haven't really thought that far in advance. Some of the seniors might travel or just wait to see what comes their way.

There are many ways to go and every member of the graduating class will find their answer to "What's next?" Good Luck!

ACADEMICS

ACADEMIC LIFE

Muhlenberg College strives to maintain an excellent, yet informal, academic environment. There are many factors contributing to the high quality education at Muhlenberg. The small class size creates a close faculty-student relationship. The tremendous computer and personal resources aid in studies. The diverse requirement courses enable a student to acquire valuable insights in many different aspects of our modern, complex society. The lectures of many accomplished people, such as Martin Marty, reveal even more insights. But the most important factor remains the impressive faculty and administration.

The Anthropology/Sociology department is very exciting at Muhlenberg. The department runs an Anthropology lab in the basement of Brown Hall which houses an excellent arrowhead collection and other rarities. The department also supports an anthropology club. The club goes on digs and usually takes a trip to related museums. The most popular major from this department is the Social Work major. But many non-majors take courses in the fascinating fields of sociology and anthropology.

The Art department also has an excellent reputation on campus. Scott Sherk, one of our professors, recently exhibited some of his works in New York City. All in all, the staff's skill is successfully passed on to the students.

Scott Sherk
Professor of Art

Dr. Joseph Francello
Head of Anthro./Soc.

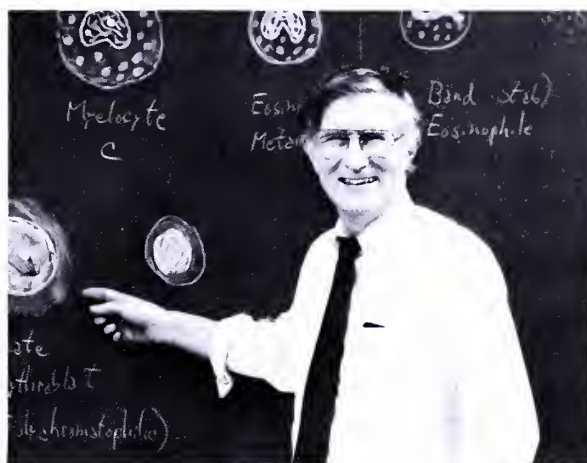

Dr. Roger Baldwin
Professor of Anthro./Soc.

BIOLOGY

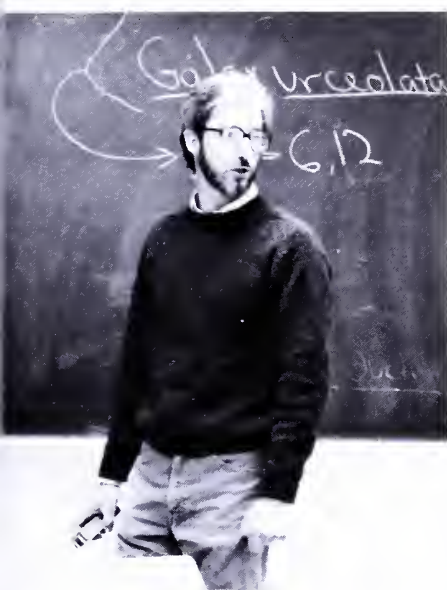

Dr. James Vaughan
Head of Biology Dept.

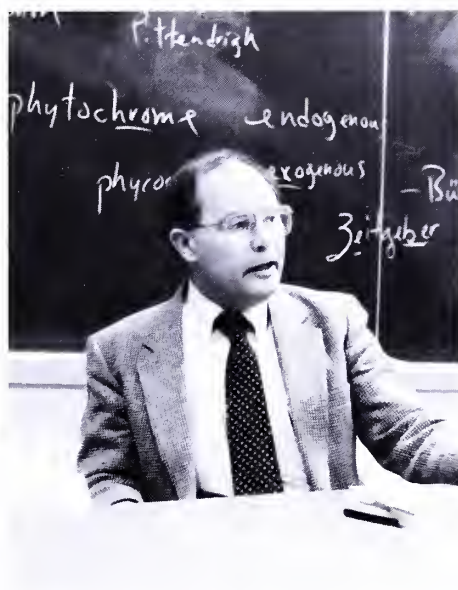

Dr. James Weston
Professor of Biology

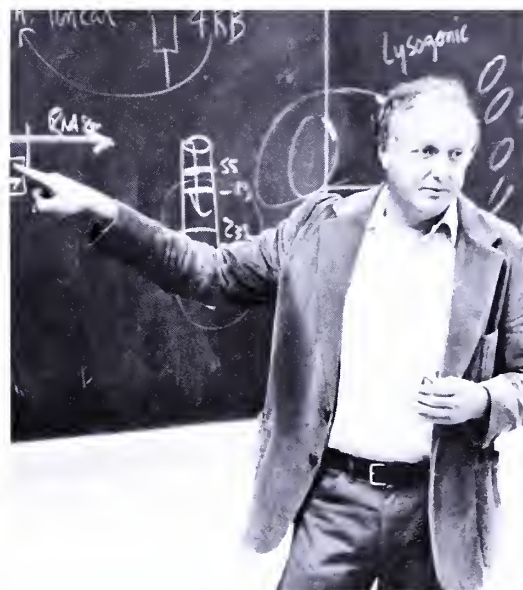

Muhlenberg College has an excellent reputation in science. The Biology department has the necessary resources and skilled faculty to create a great pre-medical school or pre-research education. The major has remained one of the top three majors in popularity on the campus for many years now. In addition to their laboratory equipment, the Biology department has a greenhouse and a museum. The department offers great courses for non-majors also.

Dr. Frank Watson
Asst. Professor of Biology

Dr. Carl Oplinger
Professor of Biology

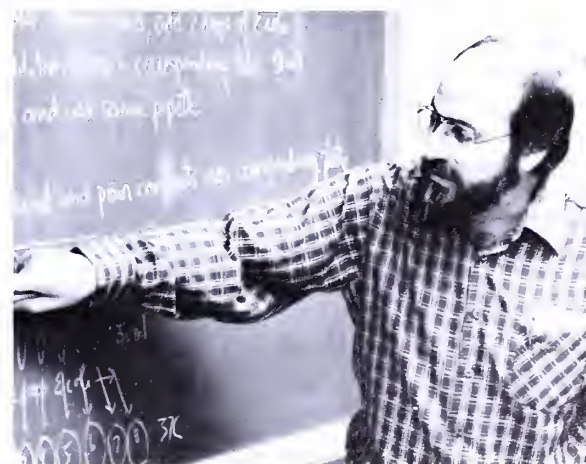

Dr. Irvin Schmoyer
Assoc. Professor of Biology

Mr. Paul Weaver
Asst. Professor of Biology

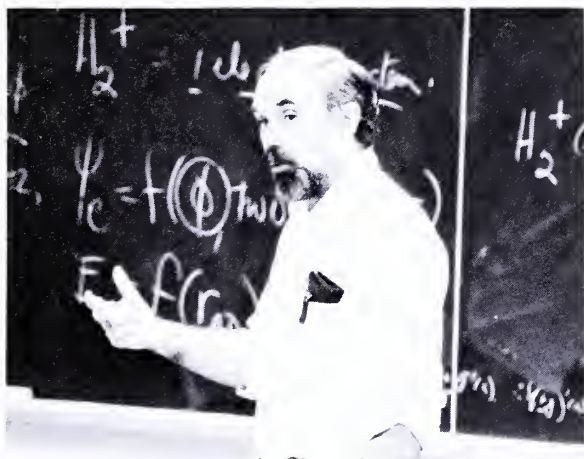

Dr. Daniel Klem
Asst. Professor of Biology

Dr. David Much

Dr. Marion Smith
Assistant Professor of Chemistry

The Chemistry department has always been impressive at Muhlenberg. Their department offers a very challenging set of requirements. Their graduates have incredible opportunities from the background of chemistry classes and labs. The department also offers excellent courses for non-majors.

Dr. Donald Shive
Professor of Chemistry

Dr. Marsha Baar
Assistant Professor of Chemistry

CLASSICS AND COMMUNICATIONS

Dr. Robert Wind
Head of Classics Dept.

Reba Marblestone
Lecturer of Classics

The Classics department is small, yet quite impressive at Muhlenberg. The department offers courses in Hebrew, Latin, Greek, classic literature, and the extremely popular Classical Mythology. Reba Marblestone, the lecturer for Hebrew, studies at the International Centre for University Teaching of Jewish Civilization in Jerusalem, Israel.

The Communications department has experienced tremendous growth in size and popularity over the last few years.

Daniel Tate
Professor of Comm.

Joseph Elliot
Professor of Comm.

Mary Redline

The Education department does not offer a major, but a certification in secondary or elementary education. A different major is required, though certification candidates must have field work in the classroom for three years and take an extensive set of education courses.

ENGLISH AND FOREIGN LANGUAGES

The fine reputation of the English department is evident by the popularity of its courses. The English department offers a wide variety of literature and writing courses. Their majors are excellently prepared to enter a myriad of opportunities in law, business, teaching, and such. Dr. Thomas Cartelli spent the Fall semester studying at Oxford. Dr. Ralph Graber spoke at the 1987 national convention of the Society for American Baseball Research.

Dr. Ralph Graber
Head of English Dept.

FOREIGN LANGUAGES

Dr. John Brunner
Head of Foreign Lang. Dept.

Dr. Kathryn Wixon
Assistant Professor of French

Dr. Jose Lopez
Assistant Professor of Spanish

Muhlenberg College requires that all of its graduates study a foreign language through the intermediate level. Therefore, the foreign Language department is large. Each language attracts several majors as well. Most majors and many non-majors take advantage of the fantastic study abroad programs that the college offers.

Mrs. Patricia DeBellis

Dr. George A. Benjamin
Asst. Professor of Math

Dr. Roland Dedekind
Asst. Professor of Math

Mr. Robert Stump
Asst. Professor of Math

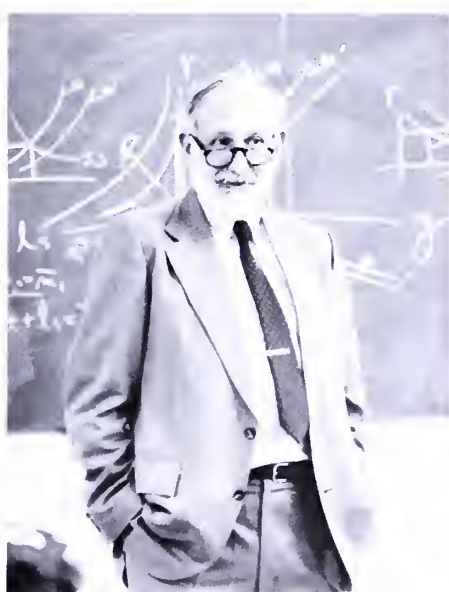

Dr. Mark Leeney
Asst. Professor of Math

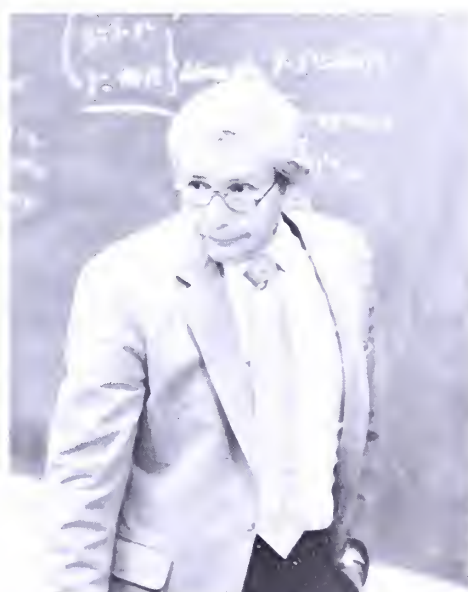

The great skill of the professors and the small, intimate atmosphere of the classes enable any student to succeed in mathematics. This is of great importance because every student is required to take at least one math course. The department also offers Math for Social Science majors, a course linking disciplines. The two majors offered by the mathematics department are in Mathematics or Computer Science/Information.

Dr. J. Fred Miller
Assistant Professor of Math

Mr. Robert Wagner
Asst. Professor of Math

Dr. Adnah Kostenbauder

Mr. Raymond Whispell
Professor of Phys. Ed.

Mr. John McVan
Instructor of Phys. Ed.

Mr. Frank Marino
Assoc. Professor of Phys. Ed.

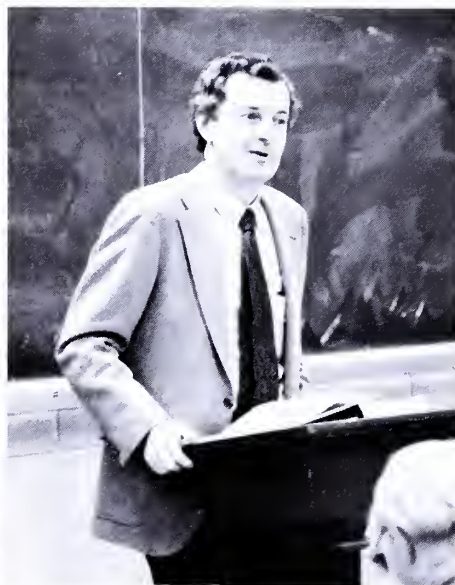

Mr. Samuel Beidleman
Assoc. Professor of Phys. Ed.

All Muhlenberg students are required to take at least eight quarters of Physical Education. So the department offers a wide variety of classes to please everyone. Some of their more unlikely courses include archery, yoga, weight training, and a Healthy Lifestyles course. The department also has a wellness program which encourages students to live a healthy life spiritually, academically, emotionally, and especially physically. Their classes benefit all.

PHILOSOPHY AND POLITICAL SCIENCE

Dr. David Reed
Head of Philosophy

Dr. Ludwig Schlecht
Professor of Philosophy

Dr. Theodore Schick
Asst. Professor of Philosophy

The Philosophy department maintains its excellent reputation as one of the best majors for entry into a law school. All the professors share popularity with the students, many of whom are non-majors enjoying the challenge of the field. The department offers majors in Philosophy, Humanities, and Philosophy/Political Thought.

Dr. Patricia Spang
Asst. Professor of Philosophy

The Political Science's popularity has been increasing tremendously in the past few years. The department recently added a new major, Political Economy. This new major prepares students for government service.

Dr. James Ryan
Asst. Professor of Poli. Sci.

Dr. Charles Bednar
Head of Poli. Sci. Dept.

Dr. Alton Slane
Professor of Poli. Sci.

POLITICAL SCIENCE AND PSYCHOLOGY

Dr. Kathleen Harring
Asst. Professor of Psychology

Dr. Laura Moravec
Professor of Psychology

Dr. Vilma Sinha
Professor of Psychology

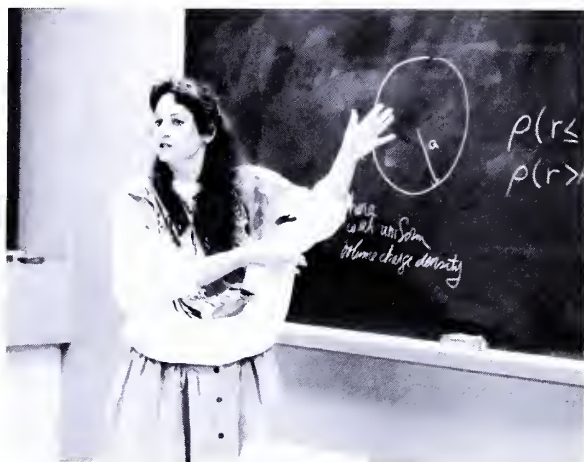

Dr. Silas White
Professor of Psychology

Dr. Theodore Maiser
Professor of Psychology

The Psychology department offers an exciting array of courses for students interested in education, medicine, counseling, and such. The professors enjoy an excellent reputation on and off the campus. During the academic year, Dr. Moravec spoke at two other colleges: Franklin and Marshall College and Moravian College.

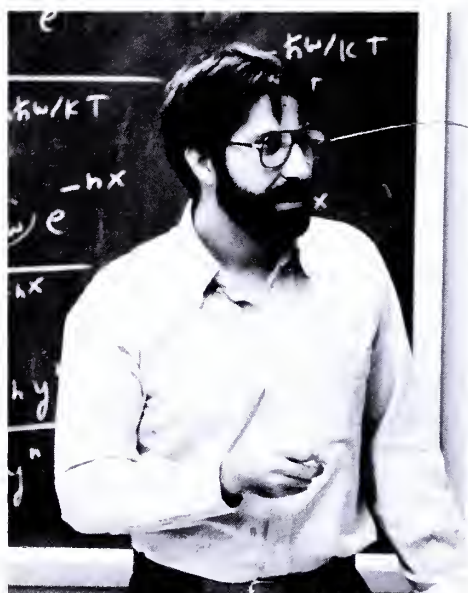

PHYSICS AND RELIGION

Dr. Patricia Bronson
Asst. Professor of Physics

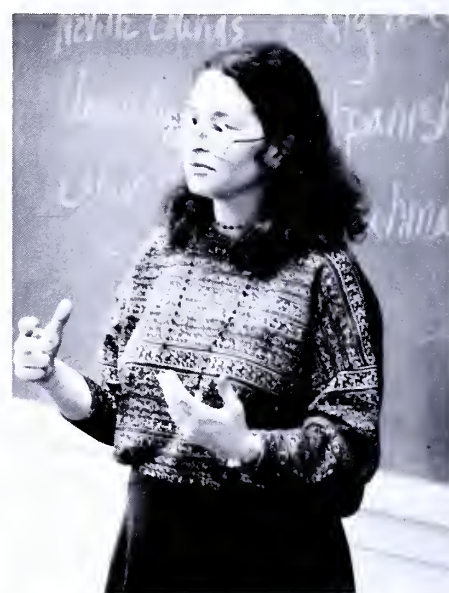

Dr. Walter Loy
Head of Physics Dept.

Dr. Joseph Molitoris
Professor of Physics

Dr. Vera Moreen
Professor of Religion

Dr. Susan Schwartz
Lecturer on Religion

The Physics department offers a challenging major for science students. It also offers a course on the fundamentals of Physics for non-majors. Majors are required to take a variety of classes and labs. Field work and internships are encouraged. Muhlenberg College is one of the only colleges that requires every student to take at least two Religion courses, a beginning and an advanced one. These courses enable the students to understand theirs and others' spirituality. The Religion department boasts a strong major and a pre-seminary program.

Dr. Roger Timm
Asst. Professor of Religion

Dr. Charles Garrettson
Lecturer on Religion

RELIGION AND THEATRE ARTS

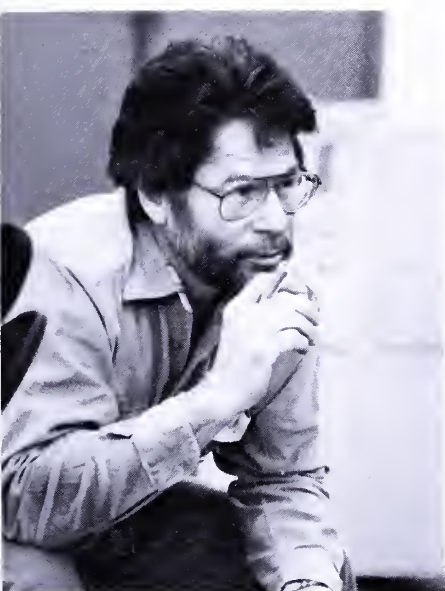

Dr. Darrell Jodock
Head of Religion

Dr. William Jennings
Professor of Religion

Dr. Rodney Ring
Professor of Religion

Mr. Alan Cook
Asst. Professor of Drama

Mr. Edwin Booth
Technical Coordinator

Mr. Curtis Dretsch
Asst. Professor of Drama

Ms. Nancy Ross
Lecturer of Drama

Mr. Charles Richter
Assoc. Professor of Drama

The excellence of the Drama department is evident in the incredible works it produces. The student works this year included: *The Vengeance*, *The Dining Room*, *Anything Goes* (a musical), and *An Atomic Play*. Two professors, Boniface Leva and Alan Cook, presented Athol Fugard's *Blood Knot*. This play went on tour. All in all, the Drama major is very popular and the dramatic skill is very evident at Muhlenberg.

FOOTBALL

— DETERMINATION PAYS OFF —

This year's team was led by co-captains Dave Pfund and Mike Ferguson. The season started off with a disappointing loss to Susquehanna but the team did not give up. Consequently the year 1987 was a year to remember in the minds of Muhlenberg football fans. For five years of frustration, we have seen the Mules defeated by the Mo-Mo's. But, they finally beat Moravian 14-12 in the season's final game. The season built up to this exciting climax. The Mules had won four consecutive games prior to the Moravian game. During the season they beat nationally ranked Gettysburg with the help of Chris Elser's passing yardage along with the running yardage of Keith Esposito and John Landino. Then they went on to beat Ursinus and they traveled to Hampden-Sidney Virginia where they won.

Sixteen of the Mules are graduating seniors and were considered key players. But the team has many underclassmen that are expected to fill these gaps. In February, the co-captains for 1988 were named, Chris Elser and John Mur-

phy.

The Mules finished the season at 7-3 and expect to do even better in the 1988 season.

THE FACES BEHIND THE HELMETS . . .

— INDIVIDUAL ACHIEVEMENTS —

-Chris Elser, junior quarterback, was named the Centennial Conference offensive player of the week in the win over Dickinson.

-Tom Papa, senior fullback, was named the recipient of the Vinny Mulvihill Courageous Player Award. This award is given to a senior who displayed leadership, unselfishness, and courage.

-Dave Pfund and Mike Ferguson were named to the 1987 ECAC Southern Region Divi-

sion III all-star team.

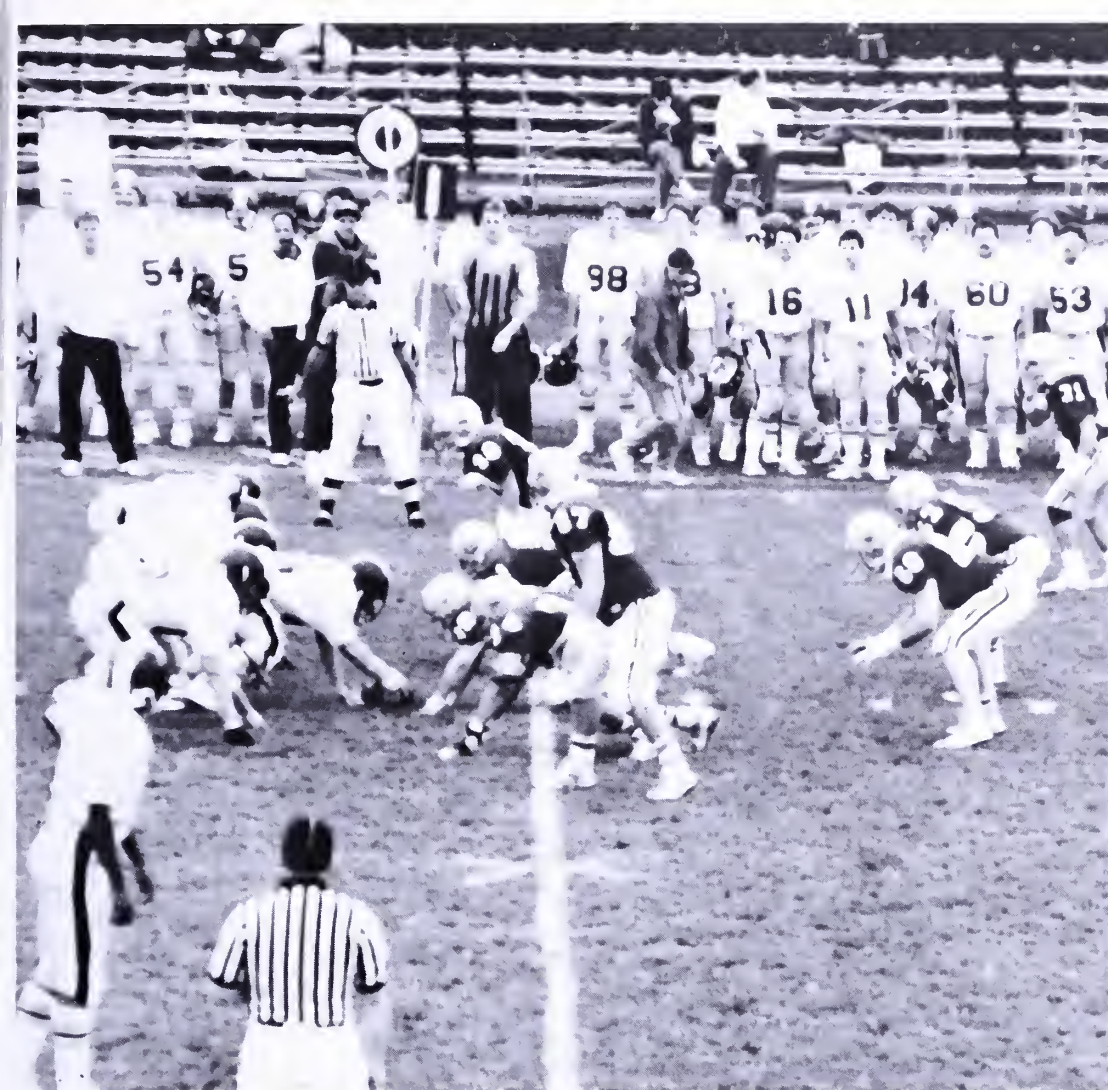

-John Murphy, junior linebacker, was named to the ECAC weekly "honor roll". He led the team with 82 tackles.

-Scott Pyne, senior free safety, was named to the District II College Divisional Academic All-American football squad. To be eligible for this award a person must perform well in academics as well as athletics.

SOCCER

A SEASON TO BE REMEMBERED

This year the Muhlenberg soccer team had its best season ever. It was coach Jeff Tipping's second season with the Mules and he led them to a 17-3 overall mark including playoff appearances. This season marks the Mules, best record in over ten years. Along with the division title the Mules won the MAC south but unfortunately lost to Elizabethtown in the MAC final game. Although the Mules just missed making the NCAA tournament they gained top seed in the ECAC tournament. During the tournament the Mules lost a shootout to Moravian in the second round. In addition, the Mules flirted with a top 20 ranking for most of the season.

This season also proved to be a record breaking season for the Mules. First, they finished with their most wins ever, 17. They were also undefeated in their division and recorded a record 8 shutouts, including their first six games. Individual records were set by Chris Bingman and Mark Maeher. Chris set a record with the most goals scored in a season and Mark set a record as goalie having 8 shutout games. Overall the Mules had an outstanding season but with a strong sophomore class and more incoming freshmen, the Mules hope to win the MAC's and compete in the NCAA tournament. With the talent and attitude of this soccer team, these goals seem very obtainable.

A Season Of New Faces

Led by Senior captain, Sue Vuolo, the Muhlenberg Women's Volleyball team posted an overall 8-16 record for the season. Although the season was a disappointing one, the team put its best effort forward. This year's team consisted of some new faces due to the fact that five of its starting players graduated last year. All in all, old faces and friendships returned to the court to hold the team together.

Coach Kathy Carbone and her assistant, Laura Nork, both returned from their second season. This was unusual considering that the four years prior have seen three new coaches. The returning team members viewed it as a "God-Send" considering that the team had already lost so many of its starting players.

The team is losing only one Senior, captain Sue Vuolo. Although she will be missed, the underclassmen starters hope to fill the gap she leaves. The girls are looking forward to a stronger and more successful 1988 season.

Under the coaching efforts of Helene Hospodar, and direction of co-captains — senior Nancy Alvarez and junior Sharon Peifer — The woman's field hockey team once again ended the season with a winning record, 8-6-1. In addition to a successful season, the team also qualified for the MAC playoffs for the first time since 1981. They obtained this spot in the playoffs by prevailing over Moravian (1-0) in a special tie-breaker playoff on Thursday, October 22. The women faced Gettysburg in the playoffs — ironically Muhlenberg and Gettysburg met six years ago in the Mules' last playoff game appearance. At that time, Gettysburg was ranked as high as third nationally among NCAA Division III schools,

and much to Muhlenberg's dismay, they defeated the ladies 3-0 on Monday, October 26.

The co-captains were also selected to be part of the 1987 Middle Atlantic Conference Northeast League Field Hockey all-star squad. Nancy Alvarez was the Mules' second-highest scorer and Sharon Peifer was the recipient of the Sidney G. Weikert Sophomore Athlete-of-the-Year Award for her performance in field hockey and softball during the 1986-1987 academic year.

The women fielded a relatively young squad, which will return as an experienced team for the 1988 season. Next season the team will be under the leadership of Sharon Peifer and Diane Weinapple.

TRACK

The Muhlenberg harriers put forth a gallant effort in the 1987 season although their record was 0-11. The nine-man team was once again coached by William Flamish and the team captain was Joe Silvaggio.

The team spends a good deal of the time traveling to away meets and maybe next year they will travel with better results. Hopefully all present members will return next year, in addition to new freshmen, giving the team more support in the hopes for a stronger 1988 year.

CHEERLEADERS

— GET INTO — — THE GROOVE —

The 1987-88 Muhlenberg Cheerleading squad was led by senior co-captains Karen Cristini and Sheryl Lubitz. Karen had been on the team since her freshman year while Sheryl was an alternate her freshman year, sat out her sophomore year and rejoined the squad her junior year. The rest of the squad consisted of two seniors, four juniors, and one sophomore, who were previously on the team, in addition to, three new faces — two of whom were sophomores and the other a freshman. The team kept in the spirit of things throughout both the football and basketball seasons. They also continued to entertain the fans with "new dance" during their half-time show. Four seniors are leaving the squad this year but they are leaving behind a highly spirited and dedicated group.

WRESTLING

— MATMEN —

This year's wrestling season got off to a shaky start. The Mules entered Thanksgiving break with a 1-2 record and a third place finish out of ten teams at the LaSalle Invitational Tournament - which is where they began their season on Saturday, November 14.

The team's performance was inconsistent in the beginning according to coach Laporta. This inconsistency was believed to be the result of some wrestlers not being at the right weight. Coach Laporta hoped that once the "weight problem" was remedied that the team's performance would improve. However, the first week of December proved to almost shatter this hope. After placing tenth in the Lebanon Valley Tournament, the Mules closed out the first half of their schedule at 1-3 record. The season resumed after winter-break. By mid February, the Mules had upped their record to 9-8, after defeating several opponents including Gettysburg and Widener. The Mules' season ended on a low note with the team losing to three of its final four opponents. Nonetheless, they ended the season with a 10-11 record - which was one more win than last year. The team captains' individual records were as follows: Rick Gilston 22-7-1, Scott Graybill 18-10, and Scott Schlenker 25-1. Schlenker was undefeated until the final weekend of the dual-meet season where Scran-

ton opponent took the victory after a tough 1 point decision.

The team ended its season at MAC Championships. Scott Schlenker was defending his weight class title at this championship. However, much to his dismay, he was defeated in the finals by Delaware Valley's Mark Ambrose. Schlenker ended his Muhlenberg career with a 77-12-1 record. He also received the 158 Gold Medal at Susquehanna and was voted Outstanding Wrestler at the Lebanon Valley College Tournament. The only other Mule to place in the MAC was sophomore Scott Graybill, who finished sixth. Muhlenberg placed 12th out of 20 teams. Although the team is losing a valuable asset with Schlenker graduating, the outlook for 1988-1989 is optimistic.

MEN'S HOOPS

The Mules began their 1987-1988 basketball season with the annual SCOTTY WOOD TOURNAMENT on November 20th and 21st. In the opening game, against Johns Hopkins, the Mules rallied from an eight point deficit at halftime to win the thriller in the last minute by a score of 74-71. However, the second night proved to be a disappointment to the Mules when Moravian won the final game in overtime with a score of 78-73. Mules teammates Mackin and Lutz were named to the all-tourney team. The Mules then went on to defeat Dickinson 83-82 in a game that see-sawed back and forth from point to point. As for the season as a whole, the Mules started with a mediocre five and five start. But, by January they shifted into high gear with an impressive six wins and only two losses. This huge leap, in this first month of 1988, was attributed to the players not having to study for final exams - rather, they focused all their attention on basketball. During the winter recess, the Mules played two difficult Mid-western teams in the Wittenberg Tournament in Ohio. Against Millikin, the Mules were clearly outmatched as they lost the contest by 25 points. In the consolation game, however, the Mules rebounded with an impressive 67-61 win over a talented Oberlin squad. Riding high from the Oberlin win,

the Mules returned North to register consecutive victories over Alvernia, FDU-Madison, Western Maryland and Lebanon Valley. In addition, with the Moravian win over Franklin and Marshall, the Mules gained sole possession of first place in the MAC Southwest section. However, the season ended in disappointment with the men's basketball team losing their two most important battles of the season - Franklin and Marshall 80-71, and the season finale - Moravian 87-73. With these losses the Mules forfeited a golden opportunity to participate in the postseason Middle Atlantic Conference.

The team was led by captain Sean Mackin who reached the 1000th point-mark on Saturday, February 5th in the Albright game. He was also selected to the 1988 Eastern College Athletic Conference South Region Division III All-star Squad, Second Team. He completed his four-year career with 1,051 points, 20th best all-time at Muhlenberg. In addition, juniors Bill Kennedy and Jeff Vaughan led the MAC Southwest League in two three-point goals and Jimmy Smith finished second in free throw percentage and third in field goal percentage among conference leaders. The Muhlenberg men compiled an overall 15-10 record and finished third in the Southwest league at 8-4.

THE INJURED LADIES

The Women's Basketball team started its 1987-1988 season with the odds against it. Three key members of the Lady Mules suffered injuries in the preseason. The lady Mules started their season at the Eastern Connecticut State "Tip off Tournament" where the walking wounded served to be a painful reminder of reality. In the opening round of the tournament, Muhlenberg was pitted against Eastern Connecticut. Although the two teams were evenly matched and tied at the half, Eastern Connecticut pulled away by an eight point margin to defeat the Ladies 52-60. Injuries put the Ladies at a disadvantage in the first game, but the talent of the opposition made them heavy underdogs in the consolation match against North Carolina/Greensboro (6th in the nation). Muhlenberg trailed 38-25 at the half, and went on to a 39-81 loss. In addition, captain Anne Searles suffered a sprained ankle.

The Lady Mules' opening league game occurred on December 1st against Ursinus and ended in Muhlenberg's first loss. Unfortunately, the Lady Mules' second game against Moravian also ended in defeat (81-84). As the season progressed, the Muhlenberg bench began to look more like a wing out of Allentown Hospital than the potent squad. However, the team's dedication transformed its record from a dismal 0-4 to 9-6 - which placed them one-half game behind the first place tie between Ursinus and Moravian. Five consecutive league victories against Albright, Haverford, Swarthmore, Widener, and Ursinus placed Muhlenberg as a top contender for MAC-Southeast crown. The lady Mules then went on to stun the Mo's with a 65-63 victory resulting in a three-way first place tie between the Mules and the Mo-Mo's - the winner would claim 1st place in the MAC Southeast Division. We all know how it ended - Muhlenberg was the loser with the final score being 59-74. Overall, the Lady Mules ended their season with a record of 14-11.

Captain Ann Searles has set nearly every women's record in school history with mind-boggling figures including 1,400 career points and over 700 rebounds. She was named to the Eastern College Athletic Conference South Region Division III weekly honor roll. Junior forward, Tracy Herb, was named to the 1987-88 MAC Winter All-Academic team. The team is losing three seniors this year - Anne Searles, Renee Emkey and Gracia Perilli.

LACROSSE

DESPITE RECORD, EXPERIENCE AND MATURITY ARE GAINED

Women's Lacrosse entered its fifth season as a varsity sport at Muhlenberg. This year marked the first time that a coach had returned to the team for a second season. Patty Fosselman is the coach and she is assisted by Leslie Widmer, a 1987 Muhlenberg graduate who lettered in both lacrosse and field hockey. The team was led by tri-captains Lisa Huggard, Victoria Bennett and Emily Dipiro. The team was young with 25 out of 29 players being freshmen or sophomores. They were also inexperienced with having only seven returning players and ten with high school experience. Also, due to the graduation loss, the Mules had two unexperienced goalies.

The season started with a lack of victories with the team losing its first five games - Colby College, F&M, Haverford, Drew and Washington. The Mules' first victory came at Cedar Crest 11-0. They then went on to be defeated by Dickinson 16-8. The team ended its season with a 1-8 record and 0-3 in the MAC East.

SEASON STRONG WITH TALENTED TEAM

In 1987 the Muhlenberg College Softball team was 16-7-1 in winning the MAC Southern Division Championships - but they lost the championship game. It was the hopes of the 1988 team, coached by Brian Bodine and led by co-captains Gracia Perilli and Anne Searles, that the team would win the championship game this year. This year's team was experienced and confident due to the fact that they only lost two players to graduation last year.

The Lady Mules started the season out strong with gaining a first victory against Kutztown 6-5. The success continued as Muhlenberg pummeled Dickinson 16-3 and Northampton Country Area Community College 10-1. Freshman pitcher, Elaine Gatrix, was the "woman" behind the success story. She is said to pitch with similar composure and success as Dwight Gooden.

Muhlenberg played three doubleheaders on foreign turf. The first against Widener, Muhlenberg took both games 15-5 and 12-1. The second against Albright, Muhlenberg once again took both games 16-0 and 20-5. The last doubleheader was against Moravian. In the first game, Muhlenberg cruised to a 17-5 victory but, the winning streak was broken by the Mo-Mo's in the second game, Muhlenberg cruised to a 17-5 victory but the berg out of a first place tie with Swarthmore. The Softball team posted a 15-5 record overall, which qualified them for the playoffs, by capturing the MAC Southeast league with a 9-1 record.

BASEBALL

UNIFIED TEAM DISPLAYS TALENT

The 1988 baseball team was led by captain Dave Tritto, catcher, and 19th year head coach Sam Beidleman. This year's team had many curiosities. On one hand, it had some inexperienced players - that is, players with no college experience, 9 freshmen and one transfer; and on the other, they returned seven starters who had good seasons last year. This resulted in the team no longer being the "power team" it used to be - every game was going to be a "dogfight".

The team suffered early season blues when they traveled down South during Spring Break and returned winless in seven games. However, as the season progressed so did the Mules. In the beginning of their season, the Mules knew that their toughest competition would be Gettysburg. The Bullets were the key to their season - the team to beat. But, what the mules did not know was that they would end up in a first place tie with the Bullets. After sweeping Lebanon Valley, this was where the Mules found themselves. Well, the game ended with the Bullets shooting down the Mules' playoff hopes. At the time, the Mules had a 3-1 league record and a sweep of Western Maryland in the biggest doubleheader of the season. But, just as the sweep had gotten them into the race, another sweep left them with very slim playoff hopes. Gettysburg beat the Mules 9-0 and 5-1 to drop the Mules to 3-3 in the league. At this point, the Mules had eight games left in their season and it was the hopes of Coach Beidleman and the team that they would win all of these and thus, end the season on a happy note. The team did manage to win 5 out of the 8 games - posting a final record of 15-12-1. The outlook for the 1989 season is very optimistic with most of the team returning and the "first-timers" now being "old-timers".

• CONSISTENCY AND TALENT

The 1988 Women's Tennis Team was coached by Linda Garrett and led by senior captain Michele Marangi. The team lost many key players to graduation but Coach Garrett had high expectations for the younger players to step in and fill the voids. Michele Marangi, Connie Cox, and Lisa Hunn were the number one, two and three singles players, respectively.

The team opened up with three consecutive victories over Dickinson, Scranton, and Wilkes but lost their fourth match to Ursinus.

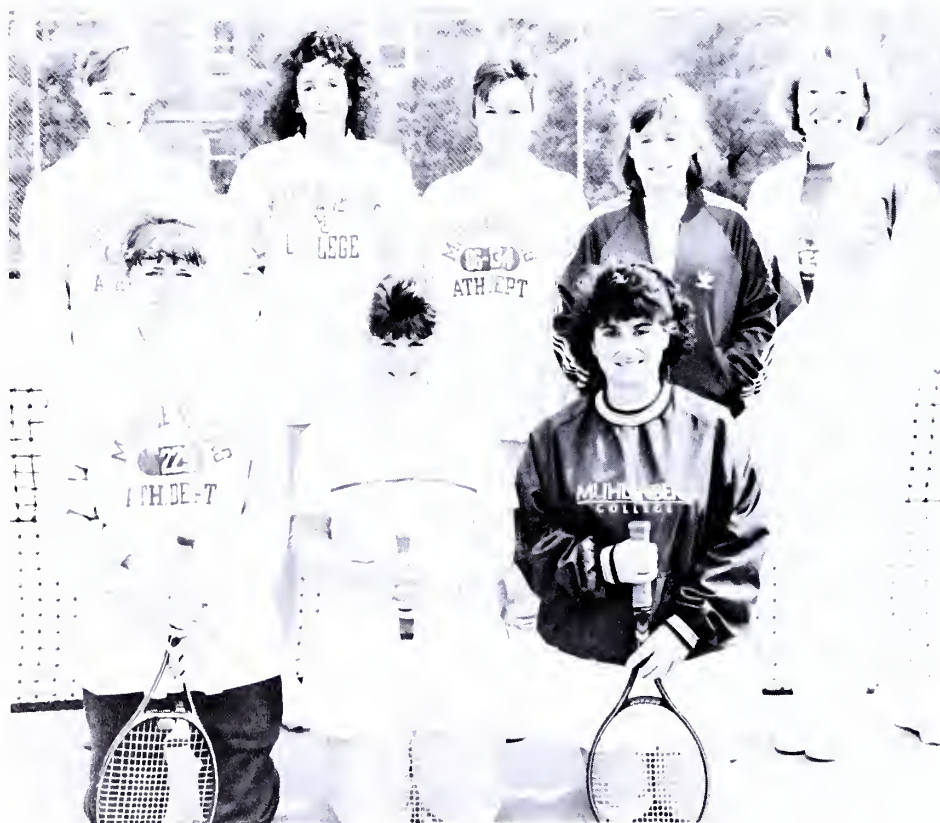

The Mules went on to clinch a playoff by defeating MAC Northeast League rival Drew 5-4. The win gave Muhlenberg its sixth straight Northeast title under Coach Garrett.

The team will be losing number one senior Michele Marangi this year who as a sophomore transfer has compiled a 28-6 singles and 29-3 doubles record in three seasons. She and graduated partner Kris Andrews were 1987 conference champions. In addition, Michele was the MAC women's singles champion.

Women's tennis has been Muhlenberg's most consistently successful sport in the 1980's.

TRACK

GOOD TIMES AND COMPETITION

The 1988 track team was coached by John McVan who put the word "team" back in the Muhlenberg Track Team. Although track is an individual sport, it is a team effort - teammates pull for one another. McVan took the team to Jamaica to foster the team attitude and for a week of intense training over Spring Break.

The 1988 Spring season was a particularly special one for the women's team because they enjoyed their first season as an officially-sanctioned varsity sport.

—A VERY SUCCESSFUL SEASON —

The 1988 Golf season was the most successful season in the school's history with an impressive 12-6 record. The team was coached by Ray Whispell and led by senior captain Robert Aiken.

The Mules opened up the season on a down note by losing to F&M 416-451. In their next two dual meets, the team registered victories against Moravian, Wilkes and Kings while only suffering one loss against Swarthmore. They then went on to sweep over Allentown College and Cabrini. Finally, they defeated Susquehanna, Lebanon Valley, Gettysburg and Albright.

In addition, the Mules send a five-man team to the MAC championships at Shawnee golf course in Delaware. The team included senior captain Buddy Aiken, junior John Mustion, Steve Santo, and Scott Loney, and freshman Howie Mash.

CLUBS

THE LEADERS

The most visible leaders on campus are members of Student Council. Student Council is the executive branch of the Student Body Organization, consisting of the Student Body President and students elected by each of the four classes. The Council transacts all business pertaining to the Student Body. They fund all organizations on campus and function as a liaison between the students and the administration, faculty and Board of Trustees.

The Sophomore (middle) and Junior (right) student councils organize individual class activities and fundraisers.

THE GREEKS

The Greeks have had a substantial and influential role in the life of Muhlenberg College. Panhellenic Council (right) and the Inter-Fraternity Council (below) promote harmony and cooperation between all the Greek organizations on campus. Both organizations are responsible for organizing and running events and activities to foster unity between the sororities and fraternities. From rush and pledging regulations to Greek Week events, Panhellenic Council and Inter-Fraternity Council are busy year around. These two organizations also serve as intermediaries between the members of the fraternities and sororities and the administration.

THE SCHOLARS

The scholars are the academic leaders. Each coordinates activities related to their own particular field of interest. They offer students the opportunity to learn and become involved in academic subjects beyond the classroom environment. The Biology Club (above), the Math Club (right), the Gaming or Computer Club (below left), and Sigma Tau Delta- the English Honors Society (below, right) are four such academic organizations on campus.

Scholars in every area of study join together to extend learning outside the classroom through club activities, seminars forums and trips to present students with an awareness of the presence of academics in life outside of Muhlenberg College. Psychology Club (above left) delves into the human mind, while the Political Science Honors Society (above right) honors outstanding Political Science majors who further the goals of the Political Science department.

The Anthropology Club (above) concentrates on the nature of human development in an attempt to understand the growth of our complex society. The Education Society (right) focuses inward with primary concern placed on the development and growth of society's future intellects.

Business scholars look to the complex world of economy and money management. The Accounting Club (right) and the Business and Economics Club (below) pursue activities as well as schedule trips that provide students with the enriching opportunity to obtain a taste of the everyday realities of the business world outside campus to aid them in careers after graduation.

Omicron Delta Epsilon (above right), the Economics Honors Society, rewards outstanding Economics students for their excellence in the major and furthers the learning goals of the department. The Classics Club (right) revives interest in classical languages and provides activities and events for those students who believe there are no "dead languages."

THE LINGUISTS

The Linguists bring foreign languages to the campus, and strive to keep interest in these languages alive. The Russian Club (left), Phi Sigma Iota, the Foreign Languages Honors Society (middle left), The French Club (middle right), the German Club (bottom right), and the Spanish Club (bottom left) offer a taste of foreign cultures to college life.

THE EYES AND EARS

The eyes and ears of the campus record and report the events that make Muhlenberg history. The Photography Club (above) indulges in the individual pleasure of preserving special moments on film. The Yearbook Photography Club staff (above right) and the Yearbook Editorial staff (right) record all the year's events and compile them for seniors to reminisce. WMUH (below right) provides music for our ears and records the memorable sounds of Muhlenberg. Each week the Weekly highlights what's happening on campus and provides thoughtful commentary on important and controversial issues that affect campus life.

THE MOVERS

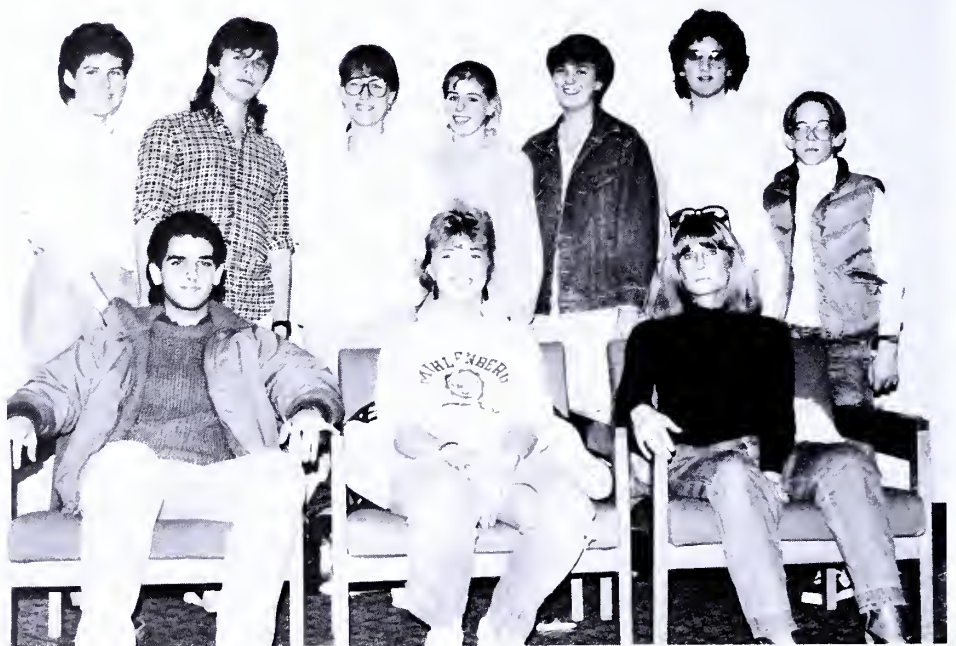

The movers on campus aren't just varsity and intramural athletes. Students have formed groups for non-varsity sports and other activities. The Dance Club (left) choreographs an amateur dance show with the help of outside professionals. Pom Poms (below) provides half-time entertainment during fall season athletic events. The Swim Club (middle, left) provides non-varsity competitive swimming for those who love the water. While the Ski Club (bottom left) organize numerous ski trips to area ski slopes during the season for avid skiers on campus.

THE HELPERS

Students are always willing to offer a helping hand when needed. Two service organizations on campus are Alpha Phi Omega (above), a national co-educational service fraternity, and MAPA, the Muhlenberg Alliance for Progressive Action (right). Alpha Phi Omega's members are dedicated to helping organizations and the needy in the community. They also assist the administration in running campus visitations and other programs. Muhlenberg Alliance for Progressive Action helps students keep in touch with world affairs. The organization educates the college community regarding relevant social and political issues of the present time. Members of MAPA learn about national politics as well as the government and its politics, and strive to make the whole campus aware of these issues.

Students also gather to help fellow students and former students. Muhlenberg Activities Council (right) has launched the "MAC Attack" while the Student Ambassadors for Alumni (below) acts to keep former Muhlenberg students in touch with the campus today. Some of Muhlenberg Activities Council's responsibilities include organizing and orchestrating visiting entertainment for the new Red Door Cafe and additional programs and series catering to students' popular and cultural interests.

THE SINGERS

The musicmakers on campus are the Chapel Choir and the newly reorganized Muhlenberg Singers. The Chapel Choir (top) performs during religious services.

The Muhlenberg Singers (left and below) perform concerts each semester and combine with the Chapel Choir during the holidays to create rich and resonant tones for the annual Candlelight Carol Service.

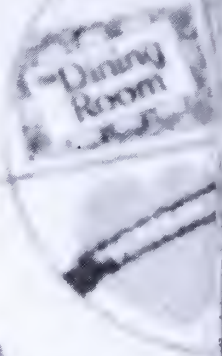

THE FAITHFUL

Religious organizations keep the various faiths on campus alive and active in students' lives. The largest religious group is the Campus Christian Fellowship Interspersary Chapter (left). Lutheran Students have joined to form the Lutheran Student Movement (below left), while Roman Catholic students comprise the Catholic Campus ministry (below right), and Hillel (bottom) serves Jewish students. Each organization fosters the individual faiths and beliefs and provides activities and events for students of common faiths to come together.

THE 1987-1988 WORLD NEWS

POLITICAL NEWS

Marine Lt. Col. Oliver L. North, was a key official in the plan to finance anti-government rebels in Nicaragua with money from arms sales to Iran. Democratic presidential candidate Gary Hart was forced to drop his bid for the presidency after it was reported that he was romantically involved with Donna Rice - a 29-year-old aspiring actress and model from Miami. The Senate rejected President Reagan's nomination of Robert H. Bork to the Supreme Court by a 58-42 vote. Nancy Reagan underwent breast cancer surgery. President Reagan and Soviet Leader Mikhail Gorbachev held a three-day summit meeting in December and signed a nuclear arms control agreement.

WORLDWIDE DISASTERS

The Dow Jones Industrial Stock average dropped 508 points, the largest in history, on Monday, October 19 - "Black Monday". It stripped \$500 billion from the market value of U.S. Securities. In the six years since America first heard of a mysterious immunity-robbing disease from which no one recovers, AIDS has killed nearly 25,000 Americans - it has been proclaimed "Public Health Enemy No. 1." - as millions of dollars have been poured into medical research. An earthquake that measured 6.1 on the Richter scale hit Southern California in October. It was not a catastrophic quake but the damage was extensive.

FOREIGN RELATIONS

In an effort to keep the Persian Gulf open to navigation, the U.S. began in July to escort vessels to protect them from Iran. The Golden Gate Bridge, in San Francisco, celebrated its 50th birthday - about 250,000 people jammed onto the bridge for an anniversary walk across the span. A barge filled with 3,128 tons of garbage became the national joke and a symbol of the nation's worsening problem with solid waste management as it was banned by six states and three foreign countries before an incinerator reduced it to ash. President and Mrs. Reagan greeted Pope Paul II when he arrived in Miami to begin a nine city tour of the U.S. Soviet leader Mikhail Gorbachev came to the U.S. for summit meetings in December.

SPORTS NEWS

The Minnesota Twins celebrated their World Series victory over the St. Louis Cardinals with a final score of the series of four games to two games. The NFL players were on strike for twenty-four days until mid-October when the union capitulated and went to court instead of trying to fight the club owners at the bargaining tables. The Washington Redskins won the 1988 Superbowl. Dennis Conner, the man who lost the America's Cup in 1983, won it back this year in Australia.

ENTERTAINMENT NEWS

Television evangelists Jim and Tammy Bakker said farewell to the PTL ministry in March. Miss Michigan, Kaye Lori Rae Rafka, was crowned Miss America 1988. The two top entertainers of the year were Whitney Houston and Madonna.

Fred Astaire, who epitomized Hollywood's elegance for 25 years dancing in top hat and tails with Ginger Rogers and other stars, died of pneumonia in June at the age of 88. Liberace, the glittering showman and pianist, died quietly in his home in February at the age of 67. John Huston, who directed such films as "The Maltese Falcon" and "The Treasure of the Sierra Madre," died in August at the age of 81. Lee Marvin, the gravel-voiced Oscar winner, died in August at the age of 63. Jackie Gleason, who starred in "The Honeymooners," died in June at the age of 71. Lorne Greene, who played the father of three sons on television's "Bonanza," died in September at the age of 72.

CAMPUS RECONSTRUCTION

The year 1987-1988 was a year for many changes on the Muhlenberg campus, some of which included a newly located and improved bookstore, the Red-Door Cafe and the Student Activity Center in the Union. The students and faculty alike also witnessed the construction of the "new library". In addition to these physical changes, Muhlenberg was considering a closer affiliation with Cedar Crest College. But, after much debate the proposal was turned down.

THE SINKING DORM

On a more exciting note, in the beginning of February - East Hall B was evacuated because of a sinkhole underneath its foundation. The residents were relocated to Brown's and Walz's study lounges and some were even moved to the President's Manse. They returned to East after about a month. In addition to this "dorm News", 1988-1989 will see Walz and Martin Luther turn coed.

NEW FRATERNITIES

It is official, Muhlenberg now has six fraternity chapters on Campus. Alpha Epsilon Pi has been awarded chapter status by the Interfraternity Council as of February 1988. In addition, Lamda Chi Alpha received a charter this year.

On Tuesday, April 19, WMUH sponsored a Cut-A-Thon at Muhlenberg. Employees of "Outlooks For Hair" arrived on campus and set up shop in Seegers Union. They then proceeded to cut students' hair for five dollars a haircut. The day's activity resulted in the transformation of the top floor of the Union into a unisex hair salon where students got that "new look" they wanted at a great price. A fun time was had by all who participated.

HARRY C. TREXLER LIBRARY

Saturday, March 14, 1987, was a day of celebration for Muhlenberg College. It marked the day of the groundbreaking on Hagen Field - which in turn signified the beginning of the construction of the "new library".

It is now the end of April, and the library is scheduled for completion in October of 1988. Since the day the construction began until September of this year, the new library was unnamed. However, this situation was remedied on September 23, 1987, when it was decided that the "new library" would officially become the HARRY C. TREXLER LIBRARY. A major gift for the library was provided by the Harry C. Trexler Trust. This funding for the library represents the latest of many gifts made by the Trexler Foundation to the college. In the past thirty years, contributions have been made in support of scholarships, faculty development, and construction of the Center for the Arts by this foundation.

The \$12,000,000 structure is constructed of brick, limestone, and granite. It was designed by the Princeton architects - Geddes, Brecher, Qualls and Cunningham. The library will feature a prominent tower at the entrance and will have 70,000 square feet of usable space. The building will house 300,000 books, periodicals, microforms and other learning materials. In addition, it will contain the OCLC LS/200 computer, which will provide a fully automated catalog file and circulation system as well as, a dial-up link with Cedar Crest College library's and the Allentown Public Library's catalogs. This will afford students and faculty alike access to information found in the city's three major libraries.

It is the hopes of the campus that the library, functioning as the "educational heart of the campus", will encourage study, scholarship and intellectual exploration.

HOMECOMING 87'

The Homecoming festivities got off to a good start early Friday October 16, 1988. The First Annual Founder's Day Fair was held on the Admission's lawn. Other Homecoming activities included the traditional bonfire, a magic show for kids, special reunions with alumni, picnics, a parade, the big football game, and finally the crowning of the Queen. The theme throughout the weekend, "Mule Mania", was clearly expressed by all involved. The spirit of Muhlenberg was felt and enjoyed by everyone.

Several college organizations set up booths at the Fair in order to raise money and to show their spirit by participating in the activities. Each of the three sororities sponsored fun-filled attractions. Alpha Chi Omega offered the people the opportunity to throw a pie at a sister, coining the phrase "Throw a pie at a Chi". Phi Sigma Sigma had sisters volunteer to become targets for a wet sponge throwing contest. Delta Zeta had a roulette wheel in their booth. The Lambda Chi Alpha fraternity sold chances to win goldfish for a prize. Student disc jockeys also entertained everyone during the fair. That same night the bonfire was held on the baseball diamond. The cheerleaders led the crowd, drumming up support for the football team. A skit was also performed in front of the audience where the guys became cheerleaders and the girls were the football players. A good time was definitely had by all.

Saturday's activities proved to be just as exciting. A magic show was held for the children of alumni. Their

parents attended departmental open houses while they were occupied. Lambda Chi Alpha and Alpha Phi Omega held reunions for the alumni too.

A pre-game picnic was held for the students and visiting alumni. At noon the traditional parade began. The participants followed a mile long route along the streets adjoining the college. Many floats from different organizations were featured. It came to a close in the football stadium. After the parade, the Mules played rival John Hopkins in front of many cheering fans.

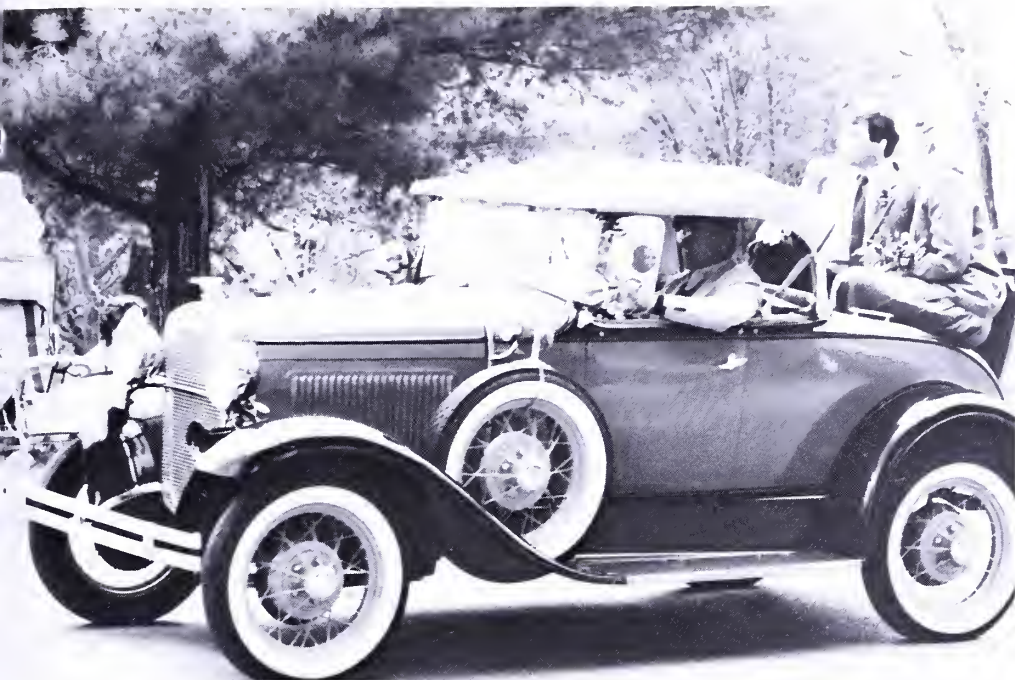

During the half-time of the game, the five Homecoming Queen finalists, Cheryl Blum, Karen Cristini, Lisa Homing, Laura Massaia, and Pam Sorrentino, eagerly awaited the announcement of who would be this year's Queen. Homecoming Queen '86, Sue Seplow, was there to turn her crown over to the new Queen, Lisa Homing.

An old fashioned food fest was held after the game in the C.A. The Barry Holben trio played music for all who attended. Following this event the younger alumni (1978-87) met at a local restaurant for more fun and also to get reacquainted with each other.

Sunday brought about the closing of Homecoming '87 with a chapel service held by the college chaplain, Dr. Wagner. This was followed by an alumni soccer game and an organ recital by Caroline Yost ('88). The Homecoming provided an abundance of fun and excitement for all who participated.

Early first semester the Program Board and the Office of Student Activities hosted a comedy show called "We Can Make You Laugh". This show, which consisted of jokes, parodies and a laughing contest, was hosted by Craig Anton. Tom Dorfmeister from Chicago and Dennis "the Menace" O'Connell of Minneapolis assisted Craig.

In the first part of the show these three men got the audience warmed up by doing their stand-up routines, which were received well by everyone. The second part of the show was the "We Can Make You Laugh" contest, judged by Muhlenberg seniors Remy Quinones, Amie Feryo, and Beth Juliano. The object of the contest was to sit for a total of six minutes and keep a straight face while watching the comics attempt to make you laugh. If you succeeded, you would win a t-shirt along with 25\$ in cash. Even if you could not control the urge to smile, a t-shirt was still given as a consolation prize.

Contestants who survived the six minutes and won the cash prize were "JC", Joe Maurice, and Rodney Corral. However, Linda Meiser, Lee Reardon, Jon Banker, Greg Hart, and Matt Schloss walked away with only a t-shirt and a smile. — Stacey Glynn

The RED DOOR CAFE opened this year. The new student "pub" affords the student population a new place to gather and eat, listen to music, or just "hang-out". In addition, since the RED DOOR is student run, it provided jobs for many students. Some of Muhlenberg's future doctors are now "operating" in the kitchen, while some "lady mules" practice their waitressing ability. So far, the RED DOOR has sponsored many special events including, a magician, a comedian and many other live performers, along with having special movie nights. The outlook for the future success of the "cafe" is very optimistic with a promising calendar of activities to come.

"Anything Goes", a Cole Porter musical, was a fun, crowd-pleasing show that was performed February 19-20 and 24-27. The original story was written by Guy Bolton and P.G. Wodehouse as a lighthearted musical concerning shipwreck and its effects on some unique individuals. The entire action takes place aboard the "S.S. American" during its transatlantic crossing. The passengers include Billy Crocker, a "broken-down-broker" from Wall Street, who spends much of the evening trying to win his former one night fling, Hope Harcourt, away from her stuffy English fiancée, Sir Evelyn Oakleigh. Also on voyage is a nightclub singer and part-time evangelist, Reno Sweeny, and her four "angels", as well as Public Enemy #13, Moon Face Martin, disguised as a minister, with his shrieking gun moll, Bonnie. The musical included such sure fire numbers as "You're the Top," "It's Delovely," "Anything Goes," "Let's Misbehave," and "I Get a Kick Out of You."

This is the second time that Charlie Richter has staged "Anything Goes" for the MTA. As always, Charlie kept the stage constantly bustling with action and movement.

The cast consisted of six leads, a chorus, and a ten piece orchestra. The set was designed by Curtis Dretsch and the three-level boat actually moved during the play. Thanks to the fine talents, and many un-named members of the company and crew, the production was a success which large audiences enjoyed.

FRANK ZAPPA ROCKS MUHLENBERG

On Saturday, March 18, Memorial Hall rocked with the music, jokes, satire, and hundreds of diehard fans as Frank Zappa and his eleven piece band came to Muhlenberg. Each year the Concert Committee sponsors a live concert on campus, and this year Frank Zappa played to an almost-sold out audience. Those people in the audience who had seen Zappa before were not surprised by the stage full of props. Frank Zappa's stage sports an assortment of stuffed animals, and various other props including, a red hot-water bottle with the phrase "Republican headache relief" printed on it, a rubber chicken, bear claw slippers, red fuzzy dice, a rubber hand, not to mention a clothesline of women's undergarments which he has obtained from fans all over the country. Amidst all this clutter on stage came a simply dressed, no-frills Zappa. Because of its length, the stage had to be positioned in front of the west bleachers, with the floor of the gym and the east bleachers remaining for seating. Yet because of his popularity, fans even sat behind the stage. His eleven-piece band features Ike Willis on vocals and guitar, Bobby Martin on Keyboards and vocals, Chad Wackerman on drums, Scott Thunes and Mike Keneally on guitars, and a five piece brass section (Bruce Fowler, Walt Fowler, Albert Wing, Paul Karmen and Kurt McGettrick). Throughout the show, Zappa proclaimed vengeful socia-political satire and poked fun at heavy metal genre. All-in-all, it turned out to be a show not just a concert. Everything else was going on besides the music.

Above: Some students decide to create their own music during East Fest. Right: Two students bring their work to the festivities.

SPRING FEVER WEEKEND

Omicron Delta Kappa sponsors an annual carnival. Unlike other years this carnival was combined with East Fest. These two events combined with Sibling's weekend was called Spring Fever Weekend. Unfortunately the weather did not hold out and it rained the entire weekend. But people still managed to get out and relax. There was music in East and a barbecue in front of the library. It was a chance for students to enjoy themselves before spring finals begin.

Right: The band persevered even through the rain and treated the Muhlenberg students to a great show. Below: Other students decided to be creative and tie-dye sheets and T-shirts.

SENIOR WEEK

Over the past years we have all grown accustomed to the "rain valley" that Muhlenberg is located in. However, the rain was out-of-hand during senior week this year.

After spending the weekend and the first half of the week at the Jersey shore, the soon-to-be graduates battled mother nature and returned to campus to spend their last week together as a class. Later on that night the festivities of Senior Week began with a Senior Pub Night at Duke's. The class danced the night away at their last official Pub Night.

The next day the rain continued but so did the fun. In the afternoon Zeta Beta Tau housed a happy hour and a buffet style dinner was served. The happy hour was followed by a party at Sigma Phi Epsilon.

Friday morning was the Senior Brunch in the Union. Despite the early hour, the turnout was impressive and the menu proved to be worth the wake-up. The seniors feasted on mini-bagels, french toast, sausage and peach custard and toasted each other with champagne and orange juice. During the brunch the Senior Superlative Awards were given out to the class, by the Student Ambassadors for Alumni, and a slide show was shown. It was a morning filled with laughter and touched by memories of the past.

As the rain continued it began to put a damper on the schedule of activities which were to be held outside. In addition, the news of commencement being moved to the gym threatened to bring down the spirits of the class. But, it would take more than rain and mud to bring down the class of '88 the Seniors continued to party. The all-day beach party, originally located on East Beach, was moved to the Field House. The day was filled with drinking, playing volleyball, and listening to a live band. Dinner was also served "a Mexican fiesta". On Friday night, the class returned to the Field House for a party.

Finally, on Saturday, the sun came out and so did the seniors the campus was filling with people some playing frisbee, some giving their parents and guests tours and others just soaking in the rays. In the afternoon, the seniors attended their last formal meeting as a class where they received instructions for the next day. Later in the day, the class and their families attended the opening of the new library.

Also, Saturday night was the start of a new tradition at Muhlenberg a candlelight ceremony. The class came out to support the start of this ceremony. It was originally supposed to be held on the front lawn but, because of the weather, it was moved indoors to the chapel. The seniors walked in as a class, each with a candle. Cheryl Blum spoke and Jen O'Grady read a poem as one-by-one we lit our candles.

Once again on Saturday night the class gathered in the Field House for their last party at Muhlenberg as students.

Despite the rain, Senior Week '88 was a week of celebration and good times for the class of 1988.

COMMENCEMENT

Sunday, May 22, 1988 will always be remembered by the class of '88 as the day that we graduated from Muhlenberg College and began the next chapter in our lives.

This year's ceremony was very different than the ones that some of us witnessed over four years at Muhlenberg. As a result of the weather, commencement was moved from the usual location in front of the library, to Memorial Hall. Although, there was a great deal of discontent with the move and the idea of receiving our diplomas in the gym all-in-all we made the best of it.

Coretta Scott King was this year's graduation speaker. Her speech dealt with many concerns of the 1960's. In addition to Mrs. King, Cheryl Blum was the senior class speaker and Jodi Meltzer spoke about this year's Pledge Drive.

Despite the warm conditions and "close quarters" of the gym the beach balls were flying and champagne corks popping as the class of 1988 stepped up one by one to receive their diplomas from President Messerli. We as a class made our impression on Muhlenberg, and we will continue to leave our mark as individuals in all areas and routes we choose to pursue.

Typical of all parents throughout the ceremony saying, such phrases as, that is my son/daughter up there getting their diploma from Muhlenberg College.

Dearest Alison,

It's an everyday thing with you
to care about other people,
to listen to what they say
and to understand how they feel . . .
It's an everyday thing with you
to be very dear and giving.
And that's why on a special day
like your graduation,
you're thought of so lovingly and
wished so much happiness.

In Closing:

Dedication was the name of it. In conclusion, this book serves as our gift to the class of 1988. We tried to fill it with memories that each and everyone of you could look back on. We hope that it will always spark a special feeling in you today, tomorrow and always.

We would like to thank Abe Orlick and everyone at Davor for all their help and photographic expertise. We would have never made our deadlines without their help. Also, thanks to Bill O'Brien and the Josten's staff for their help in completing the book. In addition, we owe a special thanks to our advisor Bob Clark and Arlene Gisolfi in the College Relations Office. Mr. Clark helped us with many problems we encountered during the year. Thanks also goes to Welles Lobb for his help with the sports section.

Lastly, we would like to thank our staff and the photography staff for all their help. We understand it was hard to work on the yearbook with everything else going on at college. We appreciated any work that was done to help us out. A very special note of appreciation to Veronica Vaughan, our photography editor, who did a great job of capturing every aspect of Muhlenberg from the campus scenery, to sporting events, to social activities, on film for all of us to remember.

We put a lot of time and feeling into this book. We tried to cover the year in its entirety. We learned a lot and also had a lot of fun while doing the Ciarla. It was a long road and a difficult task but it is something we took great pride in doing. We wish everyone Good Luck in the future and much happiness and success!
